Statement of Work

Checkpoint

Timeline

Instructions

- You are not required to use this format.
- If you need to add slides please do.
- At the beginning of each project week you will update this and upload a pdf to canvas.
- Also include an updated task_list spreadsheet

Week 1: Statement of work

- Up to Today:
 - Made GitLab: Steven
 - Setup Gpel: Rajat
 - Setup communication: Luis
 - Planned for next week: all team
- **To-Do:**
 - Make sorting algorithms.
 - Test sorting algorithms.
 - Optimize sorting algorithms.
 - Test sorting algorithms.
 - repeat.
 - set up deliverables.
 - setup meeting times.

Week 1: Projected Timeline

- Create a rough timeline that includes the proposed deadlines for the tasks and meeting times.
- Tuesday September 3:
 - Sorting algorithms due:
 - Meeting on what optimization methods we are going to use.
- Thursday September 5:
 - Upload optimization idea
 - Meeting on what is needed and how we are doing optimizing.

Week 1: Questions

- Can you modify the other files in the project?
- Which gpel machine is the proffessor testing on?

Week 2: Challenges

- What challenges did you come across last week and how can they be addressed?

Week 2: (Adjustments to) Statement of Work

- What were the responsibilities last week and were they met?
- Adjust the statement of work as needed.

Week 2: (Adjustments to) Projected Timeline

- Create a rough timeline that includes the proposed deadlines for the tasks and meeting times.

Week 2: Questions

- What questions do you need answered to move forward?
- Have they been posted on the discussion board?
- Are there questions you can answer on the discussion board?

Week 3: Challenges

- What challenges did you come across last week and how can they be addressed?

Week 3: (Adjustments to) Statement of Work

- What were the responsibilities last week and were they met?
- Adjust the statement of work as needed.

Week 3: (Adjustments to) Projected Timeline

- Create a rough timeline that includes the proposed deadlines for the tasks and meeting times.

Week 3: Questions

- What questions do you need answered to move forward?
- Have they been posted on the discussion board?
- Are there questions you can answer on the discussion board?
